

GK-M5-Lesson 6

Write and draw the number. Use your Hide Zero cards to help you.

15

I can fill in the first ten-frame with dots to show 10 and draw 5 in the next ten-frame. I use my Hide Zero cards to cover the zero in 10 with 5 and see that 10 and 5 makes 15.

18

I can use Say Ten counting to help me. I know ten 8 is 18.
