

G1-M4-Lesson 6

Fill in the place value chart and the blanks.

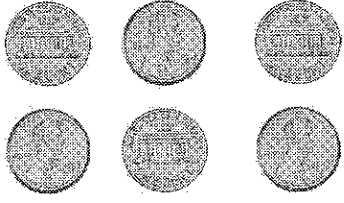

1.

dimes	pennies
3	5

 35 = 3 tens 5 ones

2.

dimes	pennies
0	6

 6 = 0 tens 6 ones

1 dime has the same value as 10 pennies, but it's just 1 coin. 3 dimes and 5 pennies equal 3 tens 5 ones. That's 35 cents!

I don't see any tens because there are no dimes. The value of 6 pennies is 6 cents.

Fill in the blank. Draw or cross off tens or ones as needed.

3.

10 more than 30 is 40.

I can draw 1 more dime since I want to show 10 more. So, 3 tens changes to 4 tens.
 $30 \text{ cents} + 10 \text{ cents} = 40 \text{ cents}$.

4.

1 less than 24 is 23.

When I cross off 1 penny, I have 1 less, or 23 cents. I could write this in my place value chart as 2 tens 3 ones.
