

G1-M6-Lesson 6

I remember that this is the greater than symbol by pretending the open side is a hungry alligator's mouth that eats the bigger number. I can also remember it by seeing that the side with the two endpoints is near the greater number, and the side with one endpoint is near the smaller one.

Circle the correct words to make the sentence true. Use $>$, $<$, or $=$ and numbers to write a true statement.

<p>a.</p> <div style="border: 1px solid black; padding: 5px; margin: 10px auto; width: 80%;"> <p style="text-align: center;">is greater than <input checked="" type="radio"/> is less than is equal to</p> </div> <p style="text-align: center;"> <u>24</u> <u>4 tens 2 ones</u></p> <p style="text-align: center;"> <u>24</u> $<$ <u>42</u></p>	<p>b.</p> <div style="border: 1px solid black; padding: 5px; margin: 10px auto; width: 80%;"> <p style="text-align: center;"><input checked="" type="radio"/> is greater than is less than is equal to</p> </div> <p style="text-align: center;"> <u>70</u> <u>6 tens 9 ones</u></p> <p style="text-align: center;"> <u>70</u> $>$ <u>69</u></p>
---	---

4 tens 2 ones is the same as 42. 24 and 42 use the same two digits, but 4 tens is greater than 2 tens. That means 24 is less than 42.

6 tens 9 ones is the same as 69. 69 is one less than 70. So, 70 is greater than 69.
