

### G1-M1-Lesson 2

1. Circle 2 parts you see. Make a number bond to match.

I see a group of 4 and a group of 3.  
My parts are 4 and 3.

2. How many fruits do you see? Write at least 2 different number bonds to show different ways to break apart the total.

I see 6 small pieces of fruit and 3 large pieces of fruit.

I also see 5 apples and 4 strawberries.
