

GK-M1-Lesson 20

How many? Write the number in the box.

Look! I see 5 and 2 more! That makes 7.

I can count the triangles! Here is my counting path. What's yours?

Count how many. Write the number in the box.

Draw a line to show how you counted the triangles.

There are 7 in all! "A straight line and down from heaven; that's the way we make a 7."
