

GK-M3-Lesson 2

Using the 1-foot piece of string from class, find three items at home that are shorter than your piece of string and three items that are longer than your piece of string. Draw a picture of those objects on the chart. Try to find at least one thing that is about the same length as your string, and draw a picture of it on the back.

Shorter than the string

Longer than the string

My building block, my truck, and Sam's sippy cup are all shorter than the string.

I compare the string to things in my room. My bed, my rug, and my jump rope are longer than the string!
