

GK-M3-Lesson 27

<p>Draw a tower with more cubes.</p> <p><u>4</u> is more than <u>3</u>.</p> <p><u>3</u> is less than <u>4</u>.</p> 	<p>Draw a tower with fewer cubes.</p> <p><u>6</u> is more than <u>3</u>.</p> <p><u>3</u> is less than <u>6</u>.</p> 
---	--

I can make a tower with more cubes. I just make it taller! The first tower has 3 cubes, so I made a tower with 1 more. My tower has 4 cubes.

I can make a tower with fewer cubes. I just make it shorter! The first tower has 6 cubes, so I made mine with only 3 cubes. 3 is less than 6.
